

Conference Centre

● ● ● A stunning conference centre designed exclusively for business events. An elegant glass-fronted atrium and mezzanine balcony overlook a water-filled recess in the verdant surroundings of IMI.

This award-winning, state-of-the-art venue is fully air-conditioned. High-spec AV and technical equipment form the heart of this exciting new environment at IMI. These include:

- Ceiling mounted data and video LCD projectors
- Ceiling mounted screens
- Touch screen room control system (curtains, lighting, screens, projectors and sound)
- Wireless broadband internet access
- ISDN and ADSL connections
- Full audio sound system with radio microphones
- Mini DV recording system

- 384k video conferencing facilities
- Electronic platform (7m x 3m)
- Electronic folding partition

This is the largest and newest of our conference rooms and has been built to a very high specification uniquely for business events. The room seats 300 people theatre-style or can be divided into two separate spaces for smaller events.

A large break-out space in the Atrium is available as well as an informal meeting/coffee area on the Mezzanine floor. These areas also hold up to 300 for a reception.
