

Supporting Learners with Additional Needs

IMI is committed to fostering an inclusive and equitable learning environment, both physical and in teaching, accessible to any learner with physical disabilities, sensory impairments, specific learning difficulties, special psychological needs, and / or medical conditions that can have an impact on day-to-day activities to engage in and successfully complete IMI programmes

Applicants are asked to disclose their additional needs or disability at the earliest opportunity to enable IMI to assess the ability to provide the accommodations required.
